VALUABLE LAND FOR SALE. THE SUBSCRIBER is disposed to sell, and on reasonable and accommodating terms, his possessions on Motts Creek, eight miles below Town. He would sell the whole, but much prefers disposing ef only a half interest. And in offering these very valuable lands to the public, he is actuated solely by the want of disposable means to improve and of the time appropriate to attend to them. They contain between eight and nine hundred acres-about one half black land-marsh and swamp, the former pronounced by the best judges equal to any on the river, and the latter, as ex hibited by drainage, is scarcely inferior. They drain four ger embraced by no other, here or elsewhere. First in their lifference of character, is adapted to crops of wet and dry culture-rice or corn &c ,-a very rare occurance. And superadded, their remarkableness as a range for all kinds of stock, (scarcely excelled in any part of the country) would render them in the highest degree adaptable business; what then the advantage of such an enterprise in the immediate vicinity of such a market as this, a place generally so barren of all such resources. REVIEW OF THE WILMINGTON MARKET. FOR THE WEEK ENDING OCTOBER 30TH, 1856. TURPENTINE-As may be seen from quotations in our table below the market has been unsettled since last review, the price of virgin having advanced 10 cents on Thursday, at which sales were effected up to Monday, when there was a decline on all qualities, and our figures are now 10 cents

lower than quotations of Thursday last. The receipts for

the week have been confined to small parcels, and in the

absence of any demand from shippers, and a limited enquiry from distillers, the market closes quiet. The sales reach only 2,210 bbls., as follows:

week's transactions have been small, footing up only 945 Thursday, 300 bbls. at 39 cents per gallon. Friday,..... 300 " 39 " " " " Tuesday 500 " 39 " " " "

Wednesday... 40 " 381 " " " " Do...... 105 " 38 " " " Rosin-For No. 1 the market has ruled steady, with a fair demand during the week, but owing to the light receipts M. Harriss. and the small quantity offering, but few transactions have taken place. We note only small sales at prices ranging

ers at this figure, but sellers seem unwilling to take this price, and are generally holding at \$1 10. TAR-Has arrived very sparingly for some time past, and since our review of last Thursday only 240 bbls. have been received, and taken at \$1 55 per bbl. There appears to be some enquiry, and parcels would bring quotation.

BEEF CATTLE, &c.—The supply of beeves in butchers hands continues quite light, and we note a fair demand for good quality. One or two small droves brought in and sold

at 5 a 51 cents per lb. for grass fed;—one parcel inferior now on market unsold. Sheep are very scarce and wanted; would readily bring \$1 50 to \$2 per head, as in quality.

Coffee—The market continues dull for this article, and we and five feet. And now in reccommending these lands and the place in general, the subscriber is convinced, that he for the week from store at quotations, as in quantity and quality. See table. Honolulu—all well.

There is nothing of importance from the Isthmus.

Lieut, Charles W. Aby, of the frigate Saratoga, died

W. WARD, of Onslow, to Miss M. SUSAN PEARSALL, together their possession would constitute that first the market in prise and where to be met with. In Riaden County, on the 16th inst., by W. A. Melvin, it all upon the other, when its own vote exhibits a drooping condition, but with favorable advices received on relatively greater increase. But we do not believe greater increase. But we do not believe greater increase. But we do not believe greater increase. The re-Corron-Our review of Thursday last left the market in

ceipts for the week have been meagre, and consequently only small transactions have taken place, as follows: Friday, 103 bales at 111 to 121 cents for middling to good middling; Monday, 19 do. at 12 cents for good middling; and Tuesday, 17 do. at 12; cents per lb. for fair. CORN MEAL-Is without change in price. The supply on market is moderate, and the demand limited. Small sales to retailers at 80 cents per bushel. EMPTY BARRELS-The market is better supplied with Spirits Turpent.ne barrels, and has ruled quite dull during the past week at a shade decline on former rates. We

notice only small sales since our last of good quality second hand ones at \$1 65 each, cash and 90 days; -no sales of new, and held at \$1 85 a \$2 each, as in quality.
FISH—For Mullets the market has ruled firm since our last, and we notice considerable enquiry; supply in store very small. On Friday a lot of 40 bbls. was received and changed hands at \$7 for oak bbls.;—no receipts since then.
We quote at \$6 25 for pine, and \$7 for oak bbls. For store
rates of Mackerel, &c., we would refer to our table.

FLOUR-In consequence of the limited receipts for some time past the stock on market has become materially reduced, and only a few small parcels now remain in first hands. There has been more firmness in the market, and it closes with an advancing tendency. The sales for the 29-Schr. W. C. Mershon, Graham, for New York, by T. it closes with an advancing tendency. The sales for the week have been principally of small parcels State brands at \$7.25 for superfine, \$7.50 for extra, and \$7.75 per bbl. for Oct. 30—Steamer Flora McDonal family-closing with a fair demand from dealers at above

GRAIN-In Corn we have nothing new to notice. No receipts since our last review, and consequently we have no transactions to report. There is a fair stock of former arrivals in dealers hands, and only a retail demand exists. In the absence of sales we quote nominally at 65 cents per bush-Glabn, will continue the GROCERY BUSINESS at el, at which figure a few cargoes would probably find ready general assortment of goods in the Grocery line, suitable for ers hands has been very much reduced, though it may be considered fully fair for present uses, as we notice a limited demand. Our quotation in table is for last sale from vessel.——Peas—We notice considerable enquiry for Cow, NAILS, CUT AND WROUGHT SPIKES, for sale by Oct. 11th

PEA NUTS—One or two small lets of new crop brought in, but not sufficient as yet to establish a market. We quote sales at \$1 per bushel. HAY-The market rules very dull for all descriptions.

There is a heavy stock in dealers hands, and sales are not easily made at quotations. No receipts of Northern make, and our quotation in table is merely nominal. About 270 bales Eastern make received and sold on private terms.

Ling—Dealers have a full stock now on hand, and the market rules exceedingly dull. About 1,975 casks received to order since last review, and gone into store. Retailing at \$1 35 per cask. See table.

Lumber—River—Nothing doing for some time past.—Outstions are nominal Quotations are nominal.

Molasse—The stock on market is very light, and we note a fair demand. Some parcels of Cuba received coastwise, and small sales made at quotations. See table.

Potatoes—No Irish arriving, and we have no sales to report. In demand at \$3 a \$3 25 per bbl., according to quality. Sweet arrive freely, and are rather dull at a decline.—We quote from carts and boats at 50 to 60 cents per bushel. Provisions.-In N. C. cured Bacon we have nothing new to note. Little or none has been received the past week, and the stock in dealers hands is small; there is, however, little or no demand. No sales of consequence have taken little or no demand. No sales of consequence have taken place, and quotations are merely nominal. See table. The stock of Western cured is fully fair, and the market is exceedingly dull at a decline of a 1 cent. We notice small sales from stoge during the week at Sa 10 cents for shoulders, and 11 a 11a cents per lb. for sides, as in quantity and quality. Nothing done in hams; dull at 13 a 13a cents.

LARD—For this article we notice an active demand, and the receipts are barely sufficient for retailing purposes. The market is almost if not entirely bare of both N. C. and Western make, and is firm at quotations. We refer to our Western make, and is firm at quotations. We refer to our table for prices, at which small sales have been made .-BUTTER-Northern is in moderate stock, and sells at 24 a 26 cents per lb., as in quality ; N. C. at 20 cents .- CHEESE sells from store at 11 a 12 cents per lb. PORK-The market is pretty well supplied with Northern Mess, and rules firm at former figures. Sales for the week from store at \$23 50 a \$25 per bbl., according to quantity and quality. We quote fresh at 10 a 11 cents per lb., from carts.

SALT—No change to make in the price of either Liverpool
